

Please do not remove K-Love from my local radio, The central coast of CA has little to offer in the way of excellent radio programing and K-Love is as excellent as they come. I fully financially support this station and beleive the service provided is definately in the public interest. Losing this station is not an option in my opinion. Do not replace it with any other LPFM which I do not believe is in the best interest of myself or others on the CC of CA.

Sincerely,
Julie Woods
Cambria, Ca
